2022-2023

EXPERIENCE

2024 - Present — **Web Designer**
Freelancer

Designed user-centered websites and landing pages, applying UI/UX design principles to enhance user experience and functionality.

Created a portifolio that highlights my design work, demonstrating proficiency in design tool and attention to detail.

Developed engaging visual content for social media and presentations, aligning with brand aesthetics and improving user engagement.

Successfully completed pet projects, including the redesign of a website, showcasing ability to create functional and visually appealing portals.

2023 - 2024 — **English teacher**
Freelancer

Delivered individualized English lessons to students of all ages, focusing on enhancing communication skills and confidence in language use.
Developed and presented instructional materials and engaging presentations to support diverse learning styles, ensuring a clear understanding of complex concepts.
Fostered a supportive and encouraging learning environment, utilizing strong problem-solving skills to address student challenges and needs.
